“EXTRAORDINARY PEOPLE”? OPPOSITE ATTITUDES TOWARDS THE REFUGEES

SUMMARY

1. I will debate the concept “hatred towards the otherness”, deriving some inspiration from Freud’s direct life experience.
2. I will discuss the title of the documentary, “No Human is Illegal”.
3. I will comment on a few outstanding movies and a song dealing with the issue of racism.
4. I will close my presentation with a psychoanalytical example:
 - A dream recounted by a patient could help us to overcome the fear towards migrants.
